

4-Bay System Gang Charger

BASIC OPERATION GUIDE

Thank you for purchasing the 4-Bay System Gang Charger for the DT362 series Rugged Tablets by DT Research. The 4-Bay System Gang Charger (ACC-GC262-01) is capable of charging up to four tablets. The System Gang Charger features a DC-input jack and four system charging slots.

Instructions

Connect your AC-DC adapter cable to the DC-input jack. Insert a tablet into each bay, correctly lining up the connector pins. After inserting the tablet into the bay, the tablet will begin charging.

CAUTION:

This charger must only be used with the specific tablet models for which it is designed. Failure to do so may result in tablet or charger damage, or personal injury.

Package Contents

- One 4-Bay System Gang Charger
- Basic operation guide

Precautions

- Always exercise care when operating and handling.
- Do not disassemble any portion of the charger as this will void any product warranty.
- Do not use any power adapter other than the one acquired from the manufacturer or its partners.
- In the unlikely event that abnormal noise, strange odor, or smoke is present, immediately disconnect all power sources. Please report the problem to your device provider immediately.
