DT Research

Slim Detachable Keyboard

The Slim Keyboard KB340 (ACC-KB340-B) is designed to provide a convenient typing experience for compatible DT Research tablets. Featuring an integrated touchpad and a full-size keyboard layout, it enables efficient text input and cursor control in a compact, laptop-style configuration. Its integrated design provides a practical solution for mobile computing applications where keyboard input and navigation are essential.

Features

- LED backlit with five levels of brightness
- IP65-rated dust and water resistant for many harsh environments
- Magnetic docking connector for quick connection with tablet
