

Carrying Portfolio and Case

The DT Research Tablet accessories include the water-repellent and form-fitting Carrying Portfolio and Carrying Case giving added protection and secure portability to the DT311 series Rugged Tablets from scratches, bumps, and drops.

The tailored design allows the tablet be used while inserted in the Portfolio and, with its foldable tabletop stand, the Portfolio can be placed directly on any flat surface to quickly open to use in any location.

The Carrying Case, made of 1680 denier nylon fiber, is designed to store the Carrying Portfolio, and provides extra protection as well as portability to the tablets.

Features

- Slim, lightweight, durable; fits DT311 series Rugged Tablets
- Open-to-use design without detaching the tablet from the Portfolio
- Foldable tabletop stand with digital pen holder
- Shoulder strap attaches to both Portfolio and Case
- Portfolio can be used and carried individually, or stored inside the Carrying Case
- 1680 denier nylon fiber (for Carrying Case) with water repellent coating
- Extra storage on the Carrying Case to hold accessories and documents
