Docking Keyboard

The Docking Keyboard is easy to connect to the Rugged Tablet and serves as a protective cover when folded over the tablet, shielding the screen from scratches and bumps. The 2-in-1 design of the Docking Keyboard and the Rugged Tablet provides users with both a laptop and tablet experience, useful for countless applications.

Features

- Compatible with DT Research DT340 series Rugged Tablets
- 2-in-1 laptop/tablet applications
- Supports hot-docking and detaching
- IP5X-rated for water and dust resistance
- Easily attach without connecting wires or USB
- Adjustable stand for use on flat surface
