

Carrying Case

The DT Research Rugged Tablet Carrying Case is durable, water-repellent and form-fitting, designed for portability for the 10.1" and 11.6" DT Research tablets. The tailored design allows the tablet to be used without removing it from the case for ease of use, and with the foldable tabletop stand, it can be placed directly on any flat surface to quickly open-to-use in any location. Made of 1680D nylon fabric, the DT Research Rugged Tablet Carrying Case securely protects the tablet from scratches, bumps, and drops.

Features

- Slim, lightweight and durable
- Fits DT301 and DT311 Rugged Tablets with detachable keyboard
- 1680 denier nylon fiber with water repellent coating
- Open-to-use design without taking the tablet out from the case
- Side-open mechanism for passing through the cables (e.g. power, USB, audio cables)
- Foldable and angle-adjustable tabletop stand
- Extra pouches to hold accessories
