

Using the Detachable Keyboard with the Tablet

- 

1 Rotate the center docking port so that it is facing up. Unfold/ lift up the metal stand from the back of the main Keyboard, and place on a flat surface.
- 

2 Install the Tablet directly onto the Keyboard docking port, making sure to align the port connectors. The Keyboard and Tablet will automatically function together.
- 

3 Push the switch to lock the latch, then connect the power adapter to the Keyboard via the DC-in jack or USB Type-C port.
- 

4 Fold the Keyboard toward the Tablet for portability and as a protective cover to shield the screen.

Docking Keyboard

BASIC OPERATION GUIDE

ENGLISH

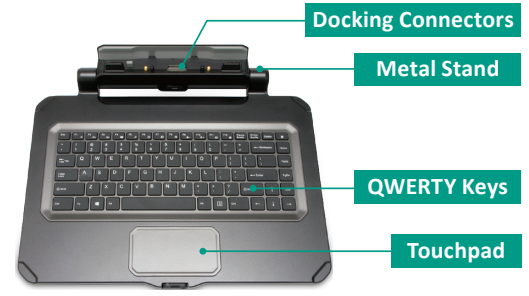

INTRODUCTION

Thank you for acquiring the Docking Keyboard for use with DT Research Rugged Tablets. Designed to be easily connected without switching and pairing, this Docking Keyboard is ideal for your 2-in-1 applications. When folded while attached to the DT Research tablet, the Docking Keyboard also serves as a protective cover to shield the screen. The flexible 2-in-1 design of the Docking Keyboard and the tablet provides users both a laptop and tablet experience with multiple applications.

Package Contents
