

## DA303EV Rugged Tablet

### **Slim, Rugged, Multi-functional Wireless Computing**

The DA303EV Rugged Tablet features the integration of a 10.1" touchscreen and a high-performance, energy-efficient Qualcomm® processor within a slim, lightweight, durable package. With built-in Wi-Fi and BT connectivity, this robust tablet offers seamless information transmission for improved workflow. IP65 and MIL-STD-810H rated, the DA303EV Rugged Tablet guarantees reliable operation in harsh, mission-critical environments.

### **Features**

- 10.1" touchscreen, digital pen supported
- Qualcomm® 8-core processor
- Android 11 operating system
- IP65-rated for water and dust resistance
- MIL-STD-810H for shock and vibration protection

## Specifications

| Model                               | DA303EV                                                                             |
|-------------------------------------|-------------------------------------------------------------------------------------|
| <b>System</b>                       |                                                                                     |
