

Screen Protector

With layers of material made from advanced coating technology, this Screen Protector provides anti-reflection and high-transparency for the DT311 Rugged Tablet display, keeping visuals bright and crisp while guarding against scratches.

Features

- Compatible with DT Research DT311 series Rugged Tablet
- Ultra-thin, clear touchscreen accuracy
- 2H hardness with anti-reflection coating
- Bubble-free adhesive allows the Screen Protector to securely adhere to the Tablet
- Works with both capacitive touch and digital pen applications
